PRESCRIPTION DRUG DIVERSION

Prescription Drug Diversion

- Prescription painkillers now cause more drug overdose deaths than cocaine and heroin, combined.
- Prescription painkillers are now the leading cause of accidental deaths in the United States, accounting for more deaths than automobile accidents.
- Increased DEA scrutiny of pharmaceutical supply chain
 - - DEA suspends Cardinal Health's Lakeland facility's license.
 - - DEA shuts down shipments from Walgreen facility.
 - - DEA revokes Two CVS registrations to sell controlled substances.
 - - DEA focus now shifting to generic manufacturers., i.e., Covidien, Actavis/Watson, etc.
- Diversion  ***Enforcement.***

PRESCRIPTION DRUG DIVERSION

Title 21 - Code of Federal Regulations

- **21 CFR 1301.74 (a)** requires wholesale distributors to verify that customers are licensed to possess controlled substances.
- **21 CFR 1301.74 (b)** requires that registrants design and operate systems to identify suspicious orders and report suspicious orders to DEA when discovered.
- **21 CFR 1301.71(a)** – “All applicants and registrants shall provide **effective controls** and **procedures** to guard against theft and diversion of controlled substances.”

PRESCRIPTION DRUG DIVERSION
